

# Declaration of Performance

This thermally modified solid iroko wood cladding and paneling, with or without surface coating,

complies with the requirements of EC Regulation No 305/2011 – Construction Product Regulation, under assessment and verification of constancy of performance: System 4. It also meets the stipulations of EN 14915:2013.

## I. Identification code of Product type

Thermally modified Cladding Boards (Solid) with and without Tongue&Groove application for applications of external use.

## II. Type, batch, or any distinguishing factor enabling the identification of the construction product, as mandated by Article 11(4).

Thicknesses: 20 mm - 25 mm - Widths: 90 mm – 120 mm

Exterior end-use applications, Wooden Cladding, walls and ceilings.

## III. Anticipated applications of the construction product, aligned with the relevant harmonized technical specification, as envisioned by the manufacturer.

Wooden wall and ceiling covering in exterior end-use applications.

## IV. Name, registered trade Name of the manufacturer.

Tanwood Orman Ürünleri San. Tic. A.S - TANTIMBER  
Merkez Mah.Kumbaşı Cad. No:40 81850 Gümüşova,Düzce TR

## V. Declared Performance

Characteristics	Performance	Harmonized technical specification
<b>Specie</b>	Milicia Excelsa	
<b>Density</b>	590 - 610 kg/m <sup>3</sup>	EN 14915:2006+AC:2007
<b>Thickness</b>	20 - 25 mm	
<b>Thermal Conductivity</b>	0,13 W/(m K)	
<b>Durability Class</b>	Class 1	
<b>Treatment Class</b>	Thermo - S
